ONE CONTAINER. SEVEN CALLS.

Slide 1 / 10-second motion storyboard

00:00–00:01.35

ESTABLISH

Title and container on a trailer are visible from frame one. ART takes two clear steps in from the left with the tablet.

00:01.35–00:01.85

CHECK

ART stops beside the container and looks down at the tablet. The scene gets a short breath before calls begin.

00:01.85–00:03.40

FIRST UPDATES

Booking, Packing List and Pickup arrive in order. Each card repeats the same blue container thumbnail; the container marker pulses on arrival.

00:03.40–00:05.55

PILEUP

Delay Update, Truck Timing, Loading Window and Customs Check fill the two sides. ART stays planted, checking the tablet.

00:05.55–00:06.80

REACTION

On the seventh call, ART compresses, recoils and changes to the stressed 3D pose. The cards clear into seven call symbols around the same container.

00:06.80–00:10.00

COVER HOLD

The supporting copy appears and holds. Title, one container, seven calls and ART remain legible through the last frame.
